

PROTECT3D GOLD TIER

Master Service Agreement

This MASTER SERVICES AGREEMENT ("**Agreement**") is entered into by and between Protect3d, Inc. ("**Protect3d**") and the party electronically accepting this Agreement via the Protect3d platform ("**Client**"). The "**Effective Date**" shall be the date on which Client clicks "I Agree" or otherwise electronically accepts the terms of this Agreement. Protect3d and the Client are sometimes referred to herein individually as a "**Party**" and collectively as the "**Parties**." The individual who accepts this Agreement represents and warrants to Protect3d that he or she has the authority to bind the Client. IF SUCH INDIVIDUAL DOES NOT HAVE SUCH AUTHORITY OR DOES NOT AGREE TO THESE TERMS, THEN HE/SHE SHOULD NOT ACCEPT THESE TERMS, PLACE ANY ORDER, USE ANY SERVICES OR PURCHASE ANY PRODUCTS.

WHEREAS, the Client desires to access Protect3d's services under the Gold Tier, which includes an annual subscription, preferred pricing, and enhanced support services, as outlined herein;

NOW, THEREFORE, in consideration of Protect3d's engagement to design and manufacture custom fabricated external braces, orthotics and other similar products (the "**Products**") for Client and its patients (the "**Services**"), the parties hereby agree as follows:

1. **Term & Termination.** The initial term of this Agreement will begin on the Effective Date and, unless earlier terminated, will conclude on the first anniversary of the Effective Date (the "**Initial Term**"). Thereafter, this Agreement shall automatically renew for successive one-year terms (each, a "**Renewal Term**") unless either party provides advance written notice of its intent not to renew at least 30 days prior to the expiration of the then-current Term. The Initial Term and each Renewal Term shall be collectively referred to herein as the "**Term**." Client will not be refunded for any payments or Subscription Fees paid under this Agreement and made prior to such termination. Upon termination of this Agreement, any licenses granted by Protect3d to the Protect3d App shall also terminate. The following provisions will survive the termination of this Agreement: (a) any obligation of the Client to pay for Services rendered or Products delivered before termination, and (b) Sections 3, 6, 7, 9 10, 11(b) and 12-19.

2. **Annual Subscription Fee.** Client shall pay an annual subscription fee of \$799.00 ("**Subscription Fee**"), due upon execution of this Agreement and annually thereafter on the anniversary of the Effective Date, unless otherwise terminated in accordance with Section 1. The Subscription Fee is non-refundable and separate from all product-related charges, design fees, and shipping. Protect3d reserves the right to update, modify, and amend the Subscription Fee at its sole discretion and upon notice to the Client.

3. **Protect3d Application.**

(a) In connection with the Services, Protect3d may provide Client a license to certain proprietary software of Protect3d (the "**Protect3d App**") for internal business purposes. Subject to the terms and conditions of this Agreement, Protect3d hereby grants to Client a non-exclusive, non-transferable, non-sublicensable, revocable license during the Term to access and use the Protect3d App solely for Client's internal business purposes in connection with the procurement and management of Products. For the avoidance of doubt, under the Gold Tier, Client shall be entitled to a maximum of three (3) authorized user accounts for such use. All use of the Protect3d App shall be subject to any use restrictions, technical limitations, or acceptable use policies as may be published or communicated by Protect3d from time to time.

(b) Except as expressly provided in this Agreement, Client shall not directly or indirectly: (i) license, sublicense, sell, resell, transfer, assign, distribute or otherwise commercially exploit or make available to any third party the Protect3d App in any way; (ii) modify or make derivative works based upon the Protect3d App; (iii) reverse engineer the Protect3d App; (iv) access the Protect3d

App in order to build a competitive product or service, (v) knowingly send or store material containing software viruses, worms, Trojan horses or other harmful computer code, files, scripts, agents or programs; or (vi) intentionally interfere with or disrupt the integrity or performance of the Protect3d App or the data contained therein.

(c) Client is responsible for all activity relating to the Protect3d App occurring under Client's user accounts and shall comply with all applicable U.S. laws and regulations in connection with the use of the Protect3d App, including but not limited to privacy laws and export control laws and regulations. Client shall: (i) notify Protect3d promptly upon becoming aware of any unauthorized use of the Protect3d App; (ii) report to Protect3d immediately and use reasonable efforts to stop immediately any copying or distribution or misuse of the Protect3d App that becomes known or suspected by Client or Client's users; and (iii) not impersonate another provider user or provide false identity information to gain access to or use the Protect3d App.

(d) Protect3d may from time-to-time, and in its exclusive discretion, update the Protect3d App in order to, among other things, correct errors or bugs, improve the performance of the Protect3d App or increase the functionality of the Protect3d App. Client acknowledges that such updates may change or modify certain functions or features of the Protect3d App. Protect3d shall not be liable to Client for any specific changes to the features or functionality of the Protect3d App and Client's exclusive recourse if it is not satisfied with any update or improvement is to stop using the Protect3d App. Nothing herein shall obligate Protect3d to provide any maintenance or support for the Protect3d App and nothing herein shall be interpreted as granting Client a right to receive any upgrades, patches, enhancements, bug fixes, new versions or new releases of the Protect3d App. Protect3d reserves the right to provide new versions of the Protect3d App and/or additional functionality for additional or increased fee.

(e) Protect3d shall provide Client with access to a dedicated account manager for the duration of the Term. The account manager shall be available during normal business hours to support product planning, order tracking, and general inquiries. Client agrees that such dedicated account manager may change from time to time or be substituted at Protect3d's sole discretion.

4. Orders.

(a) In the event that the Client desires to obtain a Product, Client will submit to Protect3d a request for such Product, along with all information and specifications reasonably requested by Protect3d (the "**Order**"), via the Protect3d App. Such Orders will be subject to the terms and conditions of this Agreement. Upon receipt of an Order, Protect3d will review the specifications contained in the Order and, within a reasonable period, either: (i) reject the Order, or (ii) accept the Order and immediately move forward with the design and manufacture of the Product. Upon acceptance by Protect3d of the Order, the Order will become binding on the parties. In the event of any conflict between the Order and this Agreement, this Agreement will control.

(b) The price of Products under this Agreement shall reflect the preferred pricing applicable to Gold Tier clients as set forth on the Fee Schedule, located on the Protect3d App (the "**Fee Schedule**"), which may be updated by Protect3d from time to time in its sole discretion upon notification to the Client, which notification may be made by updating the fee schedule available via the Protect3d App. Such updates may include changes to the prices set forth in the Fee Schedule or the addition or removal of items from the Fee Schedule. Any such updates to the Fee Schedule shall not apply to Orders placed prior to such updates. Such price is exclusive of any shipping costs, taxes, expedited fees, and engineering design fees.

(c) Protect3d will invoice the Client upon acceptance of the Order and payment will be due upon thirty (30) days after the receipt of such invoice. Any travel expenses incurred by Protect3d in the performance of any Services will be billed separately at Protect3d's reasonable, actual out of pocket costs. Any payments not received within thirty (30) days of the date of the invoice will be considered past-due. If any payments are not paid within thirty (30) days of the associated invoice,

Protect3d reserves the right to assess interest against any outstanding amount at a rate of one and a half percent (1.5%) per month or portion thereof, or the highest amount permitted by law, whichever is higher. If Client has not paid any sums when due hereunder, including the Subscription Fee, Protect3d may, at its option, suspend Services and/or withhold or suspend further delivery of Products until such past due sums are paid, regardless of whether or not this Agreement has been terminated; provided that, for the avoidance of doubt, Client's non-payment of sums due hereunder will constitute a material breach of this Agreement.

(d) Client agrees not to replicate or reverse engineer for any reason any Product.

(e) Client will provide Protect3d with all information relevant to the Services or delivery of the Products and any reasonable assistance as may be required for Protect3d to properly perform the Services. Client represents and warrants to Protect3d that all such information will be accurate and complete in all material respects. The adequacy of the scope of work of the Services in addressing Client's needs is solely Client's responsibility. Any timing or fee estimate Protect3d has provided for this engagement takes into account the agreed-upon level of assistance from Client and commitment of Client resources. Client will ensure that each individual using the Products within the scope of such individual's employment with Client possesses the required skills, experiences, and qualifications in the jurisdiction where such use occurs.

In the event that Client does not notify Protect3d of its rejection of any Product within the Inspection Period, the Client will be deemed to have accepted such Product.
